

ESPIROBIL

Hoses for gardening

CHARACTERISTICS

High quality rubber feel hose made by thermoplastic rubber with black outside estriated layer to facilitate resistance at atmospheric agents and wear, inside black layer for food use, and reinforced with a polyester mesh in order to provide it with a resistance to breakage from stretching and to withstand substantial working pressures. Very flexible and easy use. Ca/Pb/Ba free. Resistant to environmental agents and chemical products.

APPLICATIONS

Ideal hose for irrigation in hard conditions, construction, dockyard and quarry, general irrigation and sprinkling, gardening, horticulture and floriculture.

TEMPERATURES

From -10°C to +60°C.
