

OLIOFLEX

Hoses for food use

CHARACTERISTICS

Blue hose made of flexible PVC with vinyl compounds in compliance with UNE EN ISO 3994 standard. Reinforced with non-deformable rigid PVC spiral and copper for anti-static effect. Smooth interior to prevent sediments and to facilitate tube sterilisation. Non-toxic and suitable for food use. Resistant to atmospheric agents, edible oils and chemical products in general. Ca/Pb/Ba and phthalate free.

APPLICATIONS

Suction, impulsion and conduction of vegetable oils, fatty food and alcohols up to 50 % vol.

TEMPERATURES

From -10°C to +60°C.
