

PVDF TUBE

Hoses

CHARACTERISTICS

Very flexible transparent hose, of great mechanical resistance, with excellent thermal properties, excellent chemical and dielectric resistance.

APPLICATIONS

PVDF (polyvinylidene fluoride) tubing is suitable for use in the electronics industry, semiconductor manufacturing, medical, chemical and nuclear industries. Meets FDA and Bfr food standards. As well as European directives CE2002/72 and DM174/2004 that confirm its suitability for the transport of water, beverages and food.

TEMPERATURES

Up to +140°C
