

TEFLON TUBE

Hoses

CHARACTERISTICS

Very flexible hose with high mechanical resistance, with excellent thermal qualities, optimal chemical and dielectric resistance.

APPLICATIONS

Ideal hose for use in the chemical and food industries, medical equipment and thermal and electric isolation. Complies with FDA and Bfr food standards. As well as European directives CE2002/72 y DM174/2004 that confirm their suitability for the transport of water, beverages and food.

TEMPERATURES

Up to +260°C.
